

# THE PROJECT CATALOGUE

# ABOUT US

Are you tired of this boring market sentiment? All the rugs and scams? Or are you intimidated by crypto itself? Get ready and load your bags. Bautaus is here to bring \$CHANGE to the crypto space by offering user-friendly and accessible tools to the regular market. We make crypto trading seamless, safe, and solid.

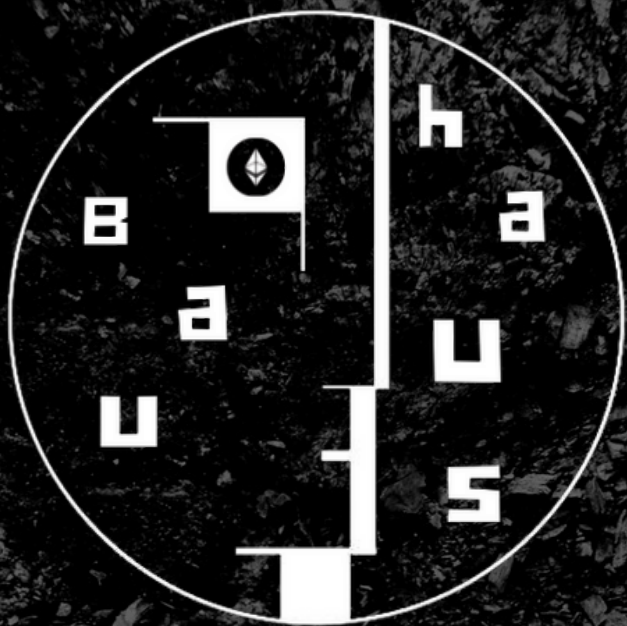

AS

We are here to expand your armory and provide the best tools at your disposal. All holders will get access to these exclusive benefits that come with our trading suite.

**U T I L I T I E S**

# CRYPTO EDUCATION

A platform where we will teach you how to buy with the best possible price in every project and an overall edge against other fellow apes.

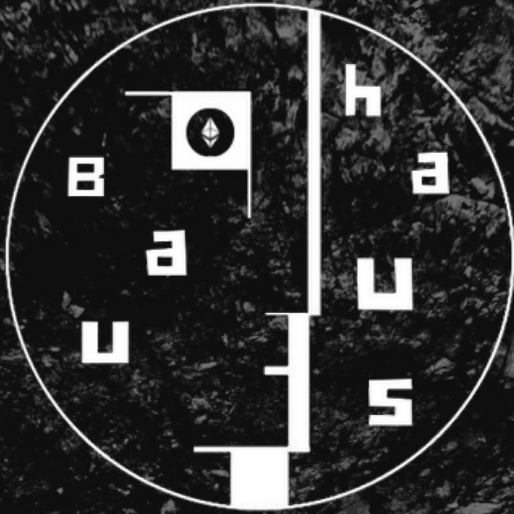

# SCAN HAUS

A chain-scanner bot to receive alerts on newly deployed contracts which includes all the necessary info you need to snipe it.

# BAU SWAP

Sniping tool that allows easy, real-time conversion of assets on any protocol with instant settlement. (Initial interface to be forked from AnySnipers open source dApp)

**SUPPLY**

1 Trillion

1,000,000,000,000

**TAXES**

2% Buy 6% Sell
